

Creswick Structure Plan Community Survey

Hepburn Shire Council is currently developing a Creswick Structure Plan. This is your opportunity to shape the future of land use and development in Creswick over the next 20 years.

We want to know what you think is important for Creswick's future liveability. We know that we have asked some of these questions before during Hepburn Together. However, we also recognise that each township in our Shire has its own identity. We want to make sure we capture this uniqueness when creating Creswick's Draft Vision.

The survey questions build on the responses Creswick community members gave during Hepburn Together in early 2021. Your responses will help us to create a Draft Vision. The Draft Vision will enable us to develop planning responses that will protect and strengthen Creswick's future liveability.

Please note that this survey closes 5pm, 20 May 2022.

1. What do you like/ value about Creswick? (Tick all that apply)

Thank you very much for sharing your thoughts with us. On the completion of the engagement period all the information received will be used to create a Draft Vision. Planning responses will be developed to support that Vision. We will then continue with the conversation with the community during the next stage of the engagement. See our Engagement Plan for more information on the next steps.
